WORDS FROM WANDA

Discipling Your Children at Home

Memorizing scripture and reading God's Word is of vital importance in spiritual growth. Let me encourage you to help your child set aside a time each day to memorize God's Word. "Your word is a lamp to my feet and a light to my path."

A great way to do this is by encouraging your child to participate in Awana. Awana is a program that helps children learn the importance of memorizing Scripture. The children receive an Awana Handbook to use at home to learn the Scriptures. Please work with your child as they memorize their verses. Not only will this help your child learn Scripture, it will also help you to learn more Scripture.
